CSSF Specifications for Workforce Services Balanced Scorecard Report

I. PURPOSE

The purpose of the 2022-2023 South Florida Workforce Investment Board's (SFWIB) Balanced Scorecard Report is to strengthen and make the SFWIB's workforce service delivery system more effective and efficient by simplifying complex measures systems, integrating multilevel performance indicators and focusing on the basics such as employment outcome and self-sufficiency. The Balanced Scorecard Report includes a comprehensive Job Placement performance measure that is also used as a payment structure to improve employment opportunities for all jobseekers and increase local businesses' competitive advantage in a global economy.

The SFWIB's performance structure is derived from local, state and federally mandated measures. The comprehensive multilevel performance measures system was used to distinguish the organization's goals and define the Balanced Scorecard's measures. This system shall assist Workforce Development Area 23 (Area 23) in exceeding performance and serving all participants. The graph below illustrates the vertical integration of the multilevel performance measures system.

The Balanced Scorecard Report, along with the other operational reports, acts as a measurement system, strategic management system, and communication tool. It provides a compass for resource allocation to the SFWIB's Contractors by sorting and prioritizing dozens of state and federal mandates. It simplifies the complex and perplexing Workforce performance system, which in turn enhances Contractors' abilities to allocate human capital and financial resources in areas that shall collectively benefit Area 23's performance.

This document describes the specifications for the Balanced Scorecard Report 1) selection criteria, 2) reporting elements, and 3) logic used to obtain the different reporting elements. It is organized in three sections: Job Placements, CSSF Balanced Scorecard Performance Requirement, and Quality Assurance (QA) Key Indicators based on the contract requirements.

II. REPORT METHODOLOGY

Listed below are the SFWIB's methodologies used to define and calculate the performance accountability requirements for Area 23. Data will be obtained from the One-Stop Service Tracking (OSST), Employ Miami-Dade (EMD)/Employ Monroe (EM) and Workforce Management System (WFMS) data warehouse and computed using the following listed methodologies.

Acronyms	Systems	Programs
OSST	One-Stop Service Tracking	Career Advancement Program and Supplemental Nutrition Assistance Program (SNAP)
EMD/EM	Employ Miami-Dade/Employ Monroe	WIOA Adult (WIOA AD), WIOA Dislocated Worker (WIOA DL), Reemployment and Eligibility Assessment (REA), and Wagner Peyser (WP) Programs
WFMS	Workforce Management System	All Programs

A. JOB PLACEMENTS

1) *Wagner-Peyser (WP) Obtained Employment (OE)*

A Wagner-Peyser (WP) Obtained Employment (OE) refers to those fully (complete and accurate) registered individuals who secure employment within 180 calendar days of receiving one or more services which are wholly or partially funded by the state employment service agency, but the placement does not meet the federal definition for a "WP Placement." Credit for an OE may be claimed for any fully registered participant who has received any WP staff assisted reportable service(s) and has a job start date, where both service and start date fall within 180 days from the date the obtained employment is recorded. A participant must also have a full EMD/EM registration in the database before the start date of the obtained employment. A complete EMD/EM registration must include all of the following components: a complete and current general information section containing a verified residential and mailing address, a valid telephone number, and e-mail address. The jobseeker must also have been assigned an occupation title and occupation code (O*NET code). Additionally, staff must complete the background wizard section including the education profile, the employment history with previous hourly wages, and O*NET code. To complete the registration, the jobseeker must have an active/online résumé that is viewable to employers, with a valid telephone number and e-mail address. Staff must verify that the jobseeker has started working prior to taking credit for an OE. Notification of a hire date will not suffice for securing OE credit. All participants, as part of their initial EDM/EM registration, will be encouraged to create an email address for use in job placement. If a participant does not have an email address, instructions for creating an account will be provided at the designated CareerSource center resource room.

A job referral is the act of facilitating the match between qualified jobseekers and employers with job openings; and the recording of such referral in EMD or EM. Prior to referring a jobseeker to a job opening, staff must ensure the jobseeker's qualifications match the minimum requirements listed in the job order by ensuring that the general information section, background wizard section, and the résumé on their personal profile includes all the jobseeker's skills; abilities; prior work experience; education and training; and certifications and licensure. These items should be consistent with the requirements of the job order. Staff must ensure that job referrals are only

provided to jobseekers that have completed work registration and who meet the minimum requirements as stated in the job order. **At no time should a staff member alter the minimum requirements of a job order to increase a jobseekers skills match.** Additionally, staff must obtain the consent of the jobseeker prior to making any job referral. Staff must enter a case note in EMD/EM to document the consent of the jobseeker.

Data Source: The data will be obtained from EMD/EM. EMD/EM OE Service Codes: 880, 881, 882, and 883.

2) *Wagner-Peyser (WP) Universal Direct Job Placement (DJP)/ Direct Employment*

The SFWIB refers to a WP Placement as a Wagner-Peyser (WP) Direct Job Placement (DJP). A WP Placement as defined by 20 CFR 651.10 is the hiring by a public or private employer of a fully registered individual referred by the employment office for a job or an interview, provided that the same employment office completed all of the following steps in sequential order from i to vi:

- i. Prepared a job order form prior to referral, except in the case of a job development contact on behalf of a specific applicant;
- ii. Made prior arrangements with the employer for the referral of a fully registered individual or individual(s);
- iii. Obtained the fully registered individual or individual(s) consent to be referred to the job order;
- iv. Referred a fully registered individual in EMD/EM database who may or may not have been specifically designated by the employer, except for referrals on agricultural job orders for a specific crew leader or worker. The registration must be completed prior to the referral;
- v. Verified from an acceptable source (i.e. New Hire Report, Wage Credit, Work Number or Paystub), signed employment verification from the employer that the individual had entered on a job (for staffing agencies the jobseekers must have been assigned to a worksite and have earned wages); Staff must verify the jobseeker began working prior to recording the appropriate placement code. Verification information must be documented and must include a case note identifying:
 - The jobseeker's name;
 - The name of the employer;
 - The job title of the position and starting wage;
 - The source of verification; and
 - The date the customer started working at the designated jobsite.

(Notification of an upcoming start or hire date is not acceptable for recording a placement).

- vi. Appropriately recorded the placement and submitted a signed employment verification to SFWIB/CSSF at the time of invoicing; failure to submit employment verification at the time of

invoicing will result in an automatic disallowance of unverified placements. Submitting falsified verifications will be a disallowance and may lead to Contract termination;

- vii. For all placements with a staffing agency or other similar type of employer that provides contracted or temporary labor; staff must also obtain documentation (i.e. pay stub or payroll register) that authenticates the participant was assigned to a worksite and earned wages. The first pay stub after start date is preferred;
- viii. If a participant has been placed in employment by a refugee provider (Direct or Self Placement) in the same program year, that participant cannot be entered as a Direct Job Placement; and
- ix. Pursuant to 20 CFR 652.3, staff must ensure the O*NET code used for a specific job opening matches the job description. If no match can be found, staff must use the title the employer or third party agency provided. Only one O*NET code may be used per job order. Placement into job openings that do not match the description in the job order or O*NET code is not permitted.

The SFWIB requires that the above steps ii through ix be completed in sequential order and by the same center location. Failure to comply with this requirement will result in the placement being disallowed. If a placement is disallowed that placement will be removed from the CSSF Balance Scorecard Performance Requirement (Attachment 3 of Exhibit A, Statement of Work) and all other SFWIB Reports.

A WP DJP includes a Wagner-Peyser (WP) Job Development Placement. Title 20 Part 651.10 of the Code of Federal Regulations provides that a job development means the process of securing a job interview with a public or private employer for a specific applicant for whom the local office has no suitable opening on file.

If there is no suitable opening on file in the job bank system, staff should make job development attempts (contacts) on behalf of the jobseeker. The job development attempt should be recorded on the jobseeker's activity service plan in EMD/EM. Job development attempts should be documented on the jobseeker's case notes screen by listing the employer's name.

If staff later learns that the jobseeker was hired on the job to which a job development attempt was made, then the staff person should write a job order and take credit for the placement. Once the job order is written to reflect the hire, it must be matched against the job development referral that was previously entered on the jobseeker's services screen.

Data Source: The data will be obtained from EMD/EM. EMD/EM Service Codes: 750, 752, 753, 754, 760, 762, 764, 766, 770, 772, 774, 776, 780, 850, 852, 854, 856, 860, 862, 864, 866, 870, 872, 874, and 879.

Note: A DJP for Payment is referred as a Direct Employment

3) *Conditions of Job Placements (OE or DJP)*

4) *Types of DJP (Direct Job Placement)*

i. *Universal*
