The Workforce Investment and Opportunity Act (WIOA) requires Local Workforce Development Boards to set certain performance standards for training providers. The Federal Register’s WIOA Final Rules specifies training providers must deliver results and submit accurate information in order to retain its status as an eligible training provider. Furthermore, the Code of Federal Regulation (CFR) Title 20, Part 663 – Subpart E, Section 663.510 stipulates Local Workforce Boards conduct performance and cost analysis related to training providers. If a training provider’s program fails to meet the Local Board’s performance standards, it will be removed from the approved programs list.

According to Region 23’s Performance Requirements Policy, Training Providers are required to satisfy two of the following three performance measures:

1. 70 percent completion
2. 70 percent placement rate (entered unsubsidized employment within 180 days of program completion)
3. 70 percent training-related placement rate (entered unsubsidized employment in an occupation related to the program completed).

Additionally, one of the two performance measures that must be met is the placement rate.
In May 2017, SFWIB Office of Continuous Improvement (OCI) emailed letters to all approved Training Vendors requesting documentation showing compliance with the Performance Policy. OCI has recently completed its review of the documentation submitted by the Training Vendors. Based on the review, 22 training programs will be removed. An ITA Performance Summary indicating the results of the review as well as a list of the training programs slated for removal from the approved training programs offering list is attached.

Program Overview

The Hospitality Institute in partnership with the Miami International Hospitality Center is offering a comprehensive Culinary & Catering Employment Training (CCET) which will: (1) provide qualified eligible individuals with the necessary skills training for entry into a career in the hospitality industry; (2) help address current and future labor shortages; (3) increase participants’ employment opportunities upon course completion. Graduates will be ready to perform the acquired culinary and catering skills at a new level of service excellence and will be prepared for entry level employment.

CCET consists of a total of 10 weeks / 250 hours of instruction in culinary, catering and job skills training: 50 hours in weeks one and two of orientation and workforce readiness training; 200 hours in weeks two to ten of classroom instruction, hands-on kitchen lab training, food safety and sanitation training, and industry related workforce readiness training.

The training will take place at Miami Dade College – Wolfson Campus, Building One, Room 1260, in a fully equipped training kitchen. Classes will be taught by a professional culinary instructor.

The American Culinary Federation curriculum foundation will be used to structure the curriculum components. Participants will get an extensive overview of the food and beverage industry and the training will involve an in-depth look at the most common entry/line level skills necessary for the position of entry/line level cook in restaurants and food and beverage divisions. A catering component has been added to the curriculum due to the high demand for events and banquet catering in South Florida. To enhance participants’ work readiness, an essential part of the overall training program will be workforce readiness training.

AGENDA ITEM SUBJECT: TAKE STOCK IN CHILDREN SCHOLARSHIP PROGRAM

AGENDA ITEM TYPE: APPROVAL

RECOMMENDATION: SFWIB staff recommends to the Global Talent and Competitiveness Council to recommend to the Board the approval to allocate an amount not to exceed $225,000 in Temporary Assistance for Needy Families funds to Take Stock in Children, Inc. (TSIC), as set forth below.

STRATEGIC GOAL: DEDICATED COMMITMENT TO YOUTH PARTICIPATION

STRATEGIC PROJECT: Joint contribution for youth career pathway models

BACKGROUND:

On June 23, 2016, the SFWIB approved an allocation of $1,058,098 in TANF funds to purchase fifty (50) 2+2 Florida College Plan scholarships. However, the aforementioned allocations did not include the administrative costs for the program. The Take Stock in Children (TSIC) Scholarship Program works with economically disadvantaged youth and their families. The program's main mission is to keep youth in school and offer scholarships to those who successfully complete high school.

TSIC provides the management and administrative services for the Florida Prepaid College plans purchased by the SFWIB. A total of 494 Florida Prepaid College plans are managed by TSIC. There a total of 359 participants utilizing their assigned prepaid college plans for post-secondary education. Additionally, 135 Florida Prepaid College participants are in high schools and will utilize the assigned plans in 2018.

The scholarship program was previously managed by Miami-Dade College; however, TSIC, Inc. currently serves as the administrator and fiscal agent, and will continue in that capacity on behalf of four other organizations. Each participating organization is responsible for program implementation and case management, as well as, educational, social, and mentoring services to youth classified as at-risk and not likely to enroll in a postsecondary institution. In order to ensure the multiple services offered by each organization and TSIC, Inc. are received, youth participate in dual activities with the respective organizations.
In following the procurement process of Miami-Dade County, Administrative Order No.: 3-38, it is recommended that SFWIB waive the competitive procurement as it is recommended by the Executive Director that this is in the best interests of SFWIB. A two-thirds (2/3) vote of the quorum present is required to waive the competitive procurement process and award an allocation not to exceed $225,000 in Temporary Assistance to Needy Families funding to TSIC, Inc. for the programmatic and administrative cost of the Take Stock Children Scholarship Program.

SFWIB GLOBAL TALENT COMPETITIVENESS COUNCIL

DATE: 8/17/2017

AGENDA ITEM NUMBER: 9

AGENDA ITEM SUBJECT: MIAMI-DADE COUNTY PUBLIC SCHOOLS YOUTH PRE-APPRENTICESHIP CAREER AND TECHNICAL TRAINING PROGRAM

AGENDA ITEM TYPE: APPROVAL

RECOMMENDATION: SFWIB staff recommends to the Global Talent and Competitiveness Council to recommend to the Board the approval to allocate an amount not to exceed $125,000 in WIOA Youth Funds to Miami-Dade County Public Schools for the Miami-Dade Youth Pre-Apprenticeship Career and Technical Training initiative, as set forth below.

STRATEGIC GOAL: DEDICATED COMMITMENT TO YOUTH PARTICIPATION

STRATEGIC PROJECT: Emphasize work-based learning and training

BACKGROUND:

The United States Department of Education (USDOL) believes that expanding apprenticeships in the United States (U.S.) can play an important role in meeting the demand for skilled workers, improve wages and economic opportunities for workers, boost U.S. business, and bolster America’s competitiveness in the global economy.

Registered apprenticeship programs enable employers to develop and apply industry standards to training programs that can increase productivity and improve the quality of the workforce. Employers who sponsor apprentices attract and retain highly qualified employees by providing on-the-job training, related classroom instruction, and guaranteed wage structure.

The South Florida Workforce Investment Board (SFWIB) and Miami-Dade County Public Schools (M-DCPS) have formed a specialized, collaborative partnership to deliver 12 Miami-Dade Youth Pre-Apprenticeship Career and Technical Training programs in four Miami-Dade County Public Schools: Coral Gables Senior High School, Miami Jackson Senior High School, Miami Southridge Senior High School, and North Miami Beach Senior High School.

The program is designed to help fill the employment gap, and expose students to trades such as Bricklayer, Carpentry, Heating and Air-conditioning Installer Servicer, Drywall Finisher/Painter, Electrician, Elevator Constructor, Insulation Worker, Operating Engineer, Pipefitter (Construction), Plumber, and Sheet Metal Worker.
The Miami-Dade Youth Pre-Apprenticeship Career and Technical Training is a 23-month program will target 120 Workforce Innovation and Opportunity Act eligible M-DCPS 11th and 12th grade students. The first year, the 11th graders will complete 150 classroom-training hours. The second year, 12th graders will complete an additional one hundred fifty 150 classroom-training hours in one of the Pre-Apprenticeship programs. Students participating in the program will be provided with a network of resources that provide a unique pathway into employment.

In following the procurement process of Miami-Dade County Administrative Order No. 3-38, it is recommended that SFWIB waive the competitive procurement as it is recommended by the Executive Director that this is in the best interest of SFWIB. A two-thirds (2/3) vote of the quorum present is required to waive the competitive procurement process and award to Miami-Dade County Public Schools an allocation not to exceed $125,000 in Workforce Innovation and Opportunity Act (WIOA) funds for the Miami-Dade Youth Pre-Apprenticeship Career and Technical Training initiative.
